Objective:

Aspiring Software Engineer with a strong foundation in software development, eager to design and develop applications that enhance business processes. Skilled in problem-solving, collaborating with teams, and following best practices in coding and software design. Passionate about leveraging Microsoft technologies to build scalable solutions while continuously learning and innovating in a dynamic environment.

Technical Skills:

Technical Skills: C, C++, PostgreSQL, MySQL, ReactJS, JavaScript, Python, OOPS, Data Structures.

Developer Tools: GitHub, Git, VS Code, Visual Studio, PyCharm, IntelliJ.

Behavioural Skills: Adaptability, Active listening, Leadership.

Projects:

Blockfundr (Crowdfunding Marketplace) | *ReactJS, JavaScript, Solidity, Blockchain*

- Developed a blockchain-based crowdfunding marketplace for secure and transparent transactions.
- Implemented smart contracts to automate funding and withdrawal processes.
- Designed an intuitive interface for seamless campaign management and tracking.

Hotel Website | *HTML, CSS, JavaScript, ReactJS, PostgreSQL.*

- Creating effective and interactive experience for customers.
- Multiple options Like: Food order, Room booking, Customer support etc.
- Working on Database connectivity.

Quiz Website | *HTML, CSS, JavaScript, MySQL.*

- A well interactive website to give quizzes of different categories.
- Implemented backend with MySQL to store User details,
- Facility to Login and sign up for user with easy interaction.
- Ensured responsive design for seamless performance across desktop and mobile devices.

Education:

Bachelors in Technology | *Graphic Era Hill University*

Computer Science Engineering | **CGPA: 7.40**

Bhimtal

August 2022 – July 2025

Diploma | *Government Polytechnic College*

Computer Science Engineering | **CGPA: 9**

Kashipur

August 2020 – June 2022

Experience:

Web Development Intern | *EncryptNCode*

March 2024 – September 2024

- Designed user-friendly interfaces, ensuring seamless functionality.
- Worked with OpenCV framework for image processing

Certification:

- Goldman Sachs Software Engineering Job Simulation: **Forage**
- Python Skill Certification: **HackerRank**
- SQL Skill Certification: **HackerRank**
- The Complete Web Development: **Udemy**
- AI-ML Workshop-Python: **Ducat Academy**

Extra-Curricular:

- Technical Blog Writing
- Photography and Videography
